## MUTUAL SERVICE, HARDING KEYNOTE FOR ANNIVERSARY

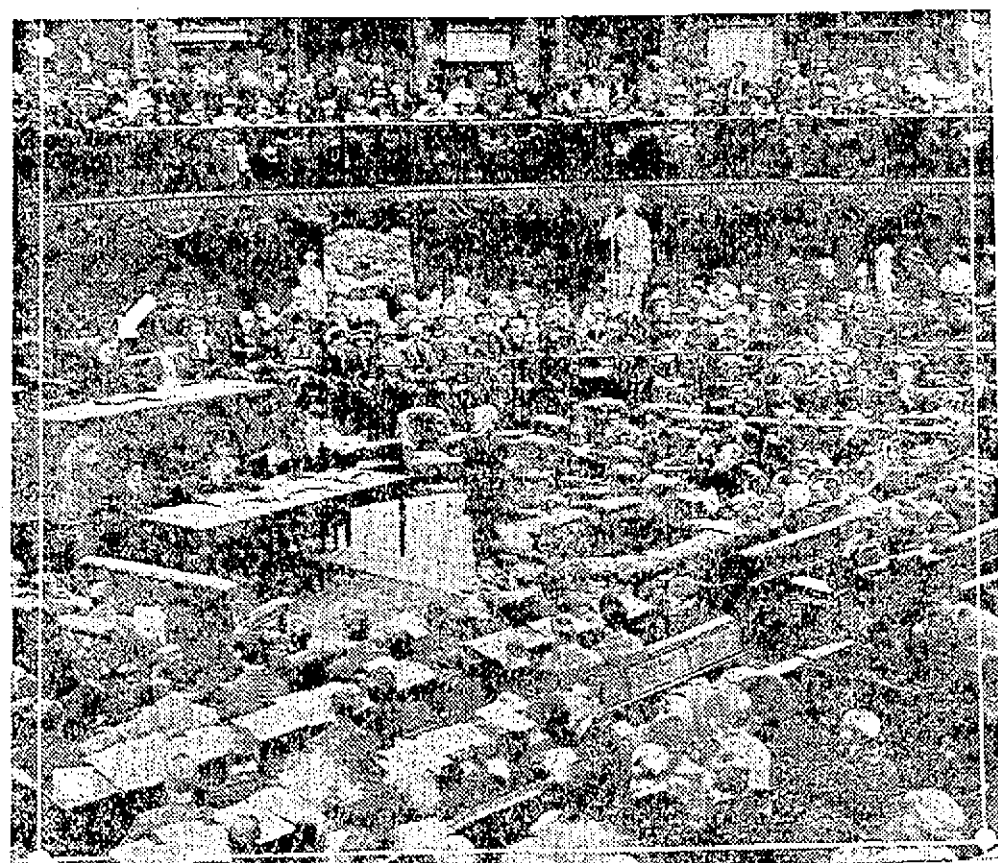

BIRTH OF LA FAYETTE AND BATTLE OF MARNE OBSERVED.

## MESSAGES READ

Impressive Ceremonies Take Place at Tomb of Washington at Mt. Vernon.

(By Associated Press.)  
Mount Vernon, Va.—The dual anniversary of the birth of Lafayette and the first battle of the Marne was celebrated with impressive ceremonies Tuesday at the tomb of Washington, President Harding, who was unable to be present, sent a message declaring that America's indebtedness to the French soldier was eternal and praising the "dauntless courage" of American soldiers in the second battle of the Marne. Similar messages were sent by Secretary of State Hughes and Mayor T. Herrick, American ambassador to France.  
The president's message said: "To General Lafayette in his small measure the success of the revolution was due. With no selfish motives, but inflamed with ardent sympathy and a passionate desire to help them, he espoused the cause of the struggling colonies and hastened to their support. He sought no selfish end and asked no pay; but found his reward in the thanks of congress and the undying affection of generations of Americans. His example has been and always will be suitably shown on all appropriate occasions. Our indebtedness to him is eternal."  
Similarly, nearly 150 years after, these United States, known to a nation of more than one hundred million free men, women and children, disclaiming any material advantages for themselves, sent armies of their youth and gave largely of their youth and blood, and that freedom which Lafayette cherished and espoused should be assured to France. We are pleased to believe, and we know that these armies took no mean part in securing (Continued on Page 2)

In some quarters in London the belief has been expressed that the British cabinet, at its meeting Wednesday, will decide to issue an ultimatum to Sinn Fein. De Valera's reply to Premier Lloyd George, would give the Irish republican leaders a certain limited time in which to accept the terms of the British government's offer of dominion status for Ireland as a basis of solution of the Irish problems.

Unionists ARMED TO PROTECT THEMSELVES.  
Belfast.—Unionists employed by a large concern near the scene of the recent rioting in this city held a meeting Monday night and were given arms with which to protect themselves if attacked.

Charles Garvey, wounded during the rioting of last week died this morning. He was the 10th victim of the disorders.

During a tense moment in the ball game the three prisoners made for the fence. Gardner succeeded in cutting the wire with a pair of wire cutters and passed through, but his companions were shot and killed.

The entire town seemed to catch fire at once, she said. Nothing of value was saved from the town, the refugees starting immediately down the south road toward McGrath.

The refugees walked three quarters of a mile through a flame-swept side road and suffered greatly from smoke. Some of the women were on the verge of collapse when they reached McGrath.

# 1,500 HEAR TALKS ON FARM PROBLEMS

Addresses of McKerrrow, Healy and Glasco Feature Big Picnic

Necessity of having accredited herds, accomplishments and aims of the Farm Bureau, and the results of self-feeding of pigs, were important points emphasized by prominent men speaking to 1,500 people at the Plymouth Township Farm Bureau's second annual Labor Day picnic at Pinnow's Grove, Monday.

The picnic was a great success and a considerable sum was realized for the Luther Valley band which played throughout the day.

The program was carried out as planned with the exception that C. D. Rosa, member of the state tax commission, failed to be present to make an address.

Accredited Herds Gaining. Twenty-five per cent of all consumptive cattle under two years of age are afflicted with the bovine type of tuberculosis, the kind caused from infected milk, it was brought out by Dr. James Healy, U. S. department of agriculture, and his movement for accredited herds.

"We are making tests as fast as possible," he declared, "but are always slow to see the accredited herd movement making such big headway in Wisconsin."

From a humble beginning in 1917, Wisconsin has 82 accredited herds, 22 of which are in Rock county. There are 66 more herds in Rock county now undergoing test and more farmers are applying. An accredited herd is one that has passed two clean tuberculin tests one year apart.

Announcement was made by Dr. Healy that Dr. J. H. Spencer, official veterinarian, will establish headquarters in Janesville to work through Rock and Walworth counties in testing herds. Dr. Healy brought out that the state and federal governments are cooperating in the accredited herd movement by allowing \$50 and salvage when a pure bred animal reacts in the test and \$40 for a grade cow where it now three branches to the official test instead of but one as before, he announced.

State President Talks. "Yes, the farmer works on an 8-hour schedule, eight hours in the morning and eight hours after dinner," declared George McKerrrow, Waukesha, Wisconsin Farm Bureau Federation president, in his address at 1:50. "It is a peculiar thing, the farmer gets less pay for his hours of labor than city labor does, and also realizes a smaller percentage on his capital than the capitalist."

But the Farm Bureau will eventually bring about better conditions, he stated hopefully, pointing to the things already accomplished in state and nation. The farmer wants a stable market for his products whereas the speculator wants a fluctuating market so he can make money, he brought out.

Passage by congress of the packer and stockyards control bill, an act to provide regulation of grain exchange and future trading in grain and extension of farm credits are three measures which will do much to better conditions for the farmer. Their passage was mainly due to the Farm Bureau Federation's efforts, Mr. McKerrrow said.

Farmer on Commission. "The farmer at last has a representative on the interstate commerce commission in the appointment of Mr. Campbell," the state farm leader stated. "Although the farmers have been paid two-thirds of the total freight receipts for years, they have never had a representative on the commission."

Formation of the cooperative cheese federation with a membership of 20, now increased to 350, was pointed to as an example for the benefits of organization. There are now 19 counties in Wisconsin in the state permanently organized and 12 more with temporary organizations, said Mr. McKerrrow.

County Agent R. T. Glasco gave striking figures on the unreasonableness of prices for the farmer and continually stressed organizations and cooperation as the way to right conditions. He brought out that cooperative commission houses have now been established at St. Paul and East St. Louis that are doing much to cut down the costs of marketing by eliminating the profits of commission merchants and speculators. The nine livestock cooperative shipping associations in Rock county account for more than 50 per cent of the stock shipped out of the county, he said, pointing to the benefits derived from cooperative shipping in saving of freight and other charges.

Mr. Glasco discussed the milk situation and spoke briefly on the Farm Bureau.

The address of welcome was given by Rev. Earl Rasmeth, Orfordville.

## "BLUE" TUESDAY IN COURT—11 CASES

Five Fined for Intoxication—  
Irvine Bound Over for Trial.

Tuesday in municipal court here was a busy day of the "blue" variety with six up on charges of drunkenness, and a seventh held for trial on a charge of selling liquor.

In addition to the seven liquor cases, two more were up for speeding and two for violating the parking ordinance, making a total of 11 cases—a busy morning session for Judge H. L. Maxwell.

George Tish, 30, was hit the hardest of any with a fine of \$50 and costs for being drunk. He was arrested at 5:30 Sunday morning sitting in his car, drenched on the north side of the city club. Louis Grubbs, who was with him, was fined \$5 and costs.

Fines of \$5 and costs, or \$5 each, were assessed against Ernest Knick and Walter Jackson, Janesville, and Arthur Newman, Milwaukee, arrested on North Washington street, Saturday night. Joseph Gillespie pleaded not guilty to a charge of drunkenness, and his case was set for trial, Wednesday.

Held for Trial.

Testimony of two witnesses resulted in the court holding Fred C. Irvine for trial, Sept. 21, on a charge of selling liquor. Irvine was picked up following a police raid on his home last week.

Bronn Roberts paid one of the heaviest fines of the year for speeding—\$35 and costs. He and H. Brotherson, Racine, staged a hair-raising race on the Janesville-Beloit concrete highway last Sunday.

Deputy Sheriff Roy Worthington, Brotherson will appear in court the latter part of the week.

Mr. Dugan and John Arner paid \$10 each for violating the parking ordinance.

## POLICEWOMAN IN REPORT OF WORK

Lists 125 Calls Made in Two Months—Much Welfare Work Done.

Considerable activity in a variety of ways is reported by Miss Margaret Kavanaugh, Janesville's first policewoman, the past two months. She has found considerable work to occupy her attention, dealing particularly with safeguarding girls.

Her report for August shows 55 calls made, 10 visits to bathing beaches, 4 visits to theaters, 3 visits to "The Pines" and 2 to stores. In July she made 40 calls, 4 visits to bathing beaches, 4 to theaters, 4 to stores, 4 to police work have been written by her during the two months.

"The Pines" was found to be very orderly, at all times," said Miss Kavanaugh.

"The park was visited each time at night. Railway stations were visited almost daily at various hours. The station was found to be very orderly. Two girls seen to be acting improperly were taken from the station to their hotel.

"Street patrol was made frequently usually in the evening and in sections reported to need attention."

The calls listed were made while investigating such cases as: Complaints on sanitary conditions, curfew violations, trouble among children, alleged cruelty to children, domestic troubles, location of girls, two at the request of the Travelers Aid, Milwaukee, others on complaint of relatives.

Visits were also made in company with the city nurse and health workers.

## Hemmens Says He Will Not Be Candidate

Withdrawal of his name for appointment by the city council to fill the vacancy in that body caused by the recent death of Alderman George H. Smith of the Second ward was announced by Mr. Hemmens today that he "would rather have the place filled by a special election" at which the voters of the ward would make their choice. He would, however, be a candidate for reelection.

"I would rather have the ward spend \$150 for the caucus," he stated, "than be appointed by the council. I have been given the subject considerable thought and have decided that the only fair way is through caucus. I do not care to take advantage of the state statute permitting appointment by the council. I want to play clean and let the people decide."

"Another thing is that I do not think it is fair to the council to place the responsibility of electing a member of the council from a ward when that man would have nearly 20 months to serve. The voters, it seems to me, should have the right to elect without question, as is provided under the charter."

## Council to Pick New Alderman

Election of a successor to the late Alderman George Smith is scheduled to be taken up by the council at its adjourned regular meeting at 8 p. m. Monday night. The council met for one minute Monday night to adjourn only.

Matters pertaining to the 1921-22 paving program scheduled to come up with the hope that some arrangements can be made with the New Gas Light company for the laying of mains so the work will not be held up. The gas company says it has no money to lay.

Deposition of special police, receipt of August departmental reports, and approval of the paving bids are also on the docket for Tuesday night.

## BRILLIANT OPENING OF MYERS THEATER MONDAY AFTERNOON

Packed to the roof at both matinee and evening performances and turning away 350, the Myers theater opened under the management of Charles C. Boutin Monday to mark a new era in the long history of Janesville's oldest playhouse. When the audience applauded for two curtain calls and goes of with a declaration, "That's more like it," the key word is "success."

From the first notes of the new opening, the management presented here with the overture, "Prepare for Action," to the final lowering of the curtain, the show was one round big drop, the expression of one man, who declared "That makes me think of big city vaudeville," tells the story.

Marking the change in the plan of operation, the management presented every woman with a red simple petal rose; each man with a pink rose bud; and each boy and girl with a box of raisins. They fitted in nicely with the high type of amusement and stuff that characterize a new theater in an old building.

All three audiences on Monday were receptive. There was more applause heard than for years. It was not riotous hand-clapping. It was spontaneous response to excellent shows.

Manager Boutin received an ovation when he came upon the stage to get acquainted with his first night audience. At his declaration that it is his desire "to give Janesville their money's worth in theatricals, I do nothing else for you," the house shook with approval.

"There is only one way to run a first class theater," Mr. Boutin declared in stating that he has spent 12 years behind the footlights, "and that is to run it first class. We are going to please our patrons if it is the last thing we do."

He concluded by telling a story that once featured his "rube" road show.

"There were many 'ahs' of surprise as the people took their first steps inside the changed theater. They started coming for the matinee at 1:40 and at 7:30 for the night shows. The foyer-lounge received instant welcome; the new lighting effects proved a pleasure; the new stage fittings registered instantaneous approval.

In expectation of better things in the shows themselves. As Director James Irvine tapped for the first public appearance of the seven-piece orchestra, the orchestra took the interlude, this despite the fact that they have been together only since Sunday morning. Each of the artists might be making their first night, but they were not. The first night Haskell Moor's playing on the xylophone and the marionette stand out.

The Davies of Australia presented a high class jugglery act. The music and clean gipsy accompaniment, especially with an iron ball and a lighted kerosene lamp.

An exceptional dog dance was staged by the Syncopated Feet troupe of two couples. They were graceful and witty. Jack and Dede were witty. Jack Reddy had a good character study in Chinatown.

## WOOD TO RETURN AS COLLEGE HEAD

Philadelphia.—Unless an emergency arises requiring his continued service in the Philippine Islands, Major General Leonard Wood, will assume his duties as head of the University of Pennsylvania, September 1, 1922, it was announced Tuesday by Dr. C. C. Harrison, chairman of the board of trustees of the university.

General Wood was elected head of the University several months ago, but at the request of the government he was released for on year in order that he might accept the appointment as governor general of the Philippines. A telegram was sent to the general advising him the position would be held open "upon the assumption that you will assume office Sept. 1, 1922, unless the president of the United States declines to accept your resignation as governor general."

This understanding was confirmed by General Wood in a cablegram received Tuesday by Dr. Harrison.

## Milton College Begins 19th Year on September 21

Milton.—Milton college will begin its 19th year of service on the 21st of this month. Registration days are from the 19th to the 21st and classes begin Thursday morning, Sept. 22nd.

The college will open this year under most favorable circumstances. Considering the fact that work has been scarce this summer, an unusually large number of old students are returning. The freshman class this year is as large as any in the history of the institution if not the largest.

Various improvements have been made about the grounds and buildings this summer. Four new teachers will be added to the faculty. Football and track will be added to the list of major sports. The school of music is taking on new life. With its Director, Miss Alberta Crandall, back from California, with Mrs. N. H. Place of Milwaukee at the head of the violin department, with Mrs. W. E. Rogers of Milton as organ instructor, with a building which provides well equipped studios, the school looks forward to a very successful year. The Choral Union will hold its first rehearsal Sept. 25. The Glee club and Glee club will begin the year's work on the 23rd. Announcement of band and orchestra rehearsals will be made later. Football practice begins Sept. 6th.

Matrimonial hands are always a source of revenue to the minister.

## BILLY WHISKERS

BY FRANCES TREGO MONTGOMERY

"I knew there was something up, but don't mind me, go ahead with your concert or church social, I am sure I don't know what you call it, and you may be sure I will never tell that I recognized animals belonging to our neighbors as well as to ourselves. Billy, youascal, know you had something to do with this gathering and if you could talk I believe you would tell me it was a surprise party to welcome you home, I know that if I could understand all your languages I would like to stay with the meeting was over, but I cannot and I hear papa calling me, will say good night and run back to the house, never peeping one little word what I have seen."

"And she the dearest little girl ever known or heard about!" they said as Violet disappeared.

"Now, Mr. Billy Whiskers, will you kindly take the platform and tell us all that happened to you and Fiskly during the few days you were away from us?" said the chairman.

Billy came forward and with occasional help from Fiskly, told them what you already knew, only when he was through he added: "I think that is the last time that I shall run away to look for change or adventure, unless I take Nannie with me, for I find that she prefers her old master sick with fear, lest I had been butchered and cut up into chops, but whatever she fears, she need not fear that, for I am too old and too tough for any one to eat."

When Billy had finished his story one of a pair of beautiful little Shetland ponies took the platform and gave quite a long talk about himself and music. These ponies were the best method and smallest; ponies that one could imagine in horseshoe.

They were marked with large spots of brown and white, which gave them the appearance of being covered with a patch work quilt, hence their name, "quilt ponies." They were beautifully moulted, with slender legs and long white manes, and tails which

dragged on the ground when not tied up. Mr. West bought them from a circus manager for \$100, also the little phantom and harness that went with them, so that she might drive them to town when she did not care to take Billy and Nannie. It was not always safe to drive Billy, for she

never knew whether he could be found when she was ready to come home, he so often managed to run away and get into mischief.

Well, as I was saying, when the little pony chose to tell his story he commenced by telling them how very small he and his twin sister were when they were born and how proud his mother was of them. "In fact, she was too proud, for she kept us locked so smoothly that we could not have any fun, for we never laid down to have a roll that she did not call us the minute we were up to count and have our hair smoothed. We lived on the lovely farm where we were born until we were three years old and never knew a day of pain or illness."

(Wednesday the little ponies finish their tales.)

# Moody-McNaught Win "YW" Doubles--Downey Victor

## MAIDENS FIGHT TO FULL LIMIT TO TAKE TITLE

Coming from behind with the score at 5-0, Ruth Moody and Louise McNaught demonstrated their ability as pugilists and won the Y. W. C. A. doubles championship on the 10-10-21. The contest was a thriller with the first set won by the victors, the second set by the vanquished, and the third set won by the victors. The contest was a thriller with the first set won by the victors, the second set by the vanquished, and the third set won by the victors.

The first set was a thriller with Ruth Moody, the star performer, getting back many shots which seemed to be for the Moody-McNaught combination. In the first set when indications were that their opponents would win. After a close fight it was lack of ability on the part of the victors to prolong the winning shot that prolonged the set to 10-5, having the set many times, but with only a point to win. After a rest the victors won the second set in easy style, 6-2. George Bennett, of the Janesville Tennis club, was the referee.

## Swimmers Will Get Expenses to State Meet

Through the efforts of Lucien C. Holman, manager, the first four men to finish in the Y. M. C. A. half mile swim last Wednesday will be sent to Milwaukee with all their expenses paid. They will compete in the two mile swim which is to be held under the auspices of the Milwaukee Athletic club. This announcement was made Tuesday morning. The boys are Herman Grasslin, Henry Schneider, Hubert Roy and Franklin Dabot. For their protection, arrangements have been made by A. B. Bergman, physical director of the local swim club, to have Milwaukee swimmers go with them over the course Saturday morning to get ready for the big battle. About 7 o'clock Saturday morning in order to get to the Cream City in time for this "acquaintance" work and become rested for the event which will be held in the morning.

## Grid Practice Starts Tuesday for Local H. S.

The first call to the piskin for the Janesville high school was issued Tuesday morning. By Coach Roy, candidates and a meeting of all football candidates was held at the lecture room at 5 o'clock. Suits were issued and a short practice was held at the fair grounds. It is planned to hire a truck during the football season to take the squad to the fair grounds each afternoon. Royer will be assisted in coaching this year by Thomas McDonald, former star athlete, and possibly by M. S. Lamoreaux, who trained the Edgerton crew which won the state championship.

Prospects are good with seven top men of last year's back in school. They are Townsend, Greenidge, Schultz, Grady, Gosteland, Knapp and Lane. Dawson and Piat are ineligible. Seaman, Kelly, McCluskey and Cruser, also on last year's squad, are back. A great addition to the team has been made in Stoldt, star half back on the Monroe eleven last year, who has entered the Janesville high school.

## Yanks Annex All Net Games

New York.—Five matches played; two won.

This sums up the record of America's 1921 Davis cup tennis team which Monday ended the challenge tournament with Japan at Forest Hills by two singles victories.

Despite the fact that America already had clinched her title to the international trophy, by winning three previous matches, a crowd of more than ten thousand persons turned out for Monday's clashes between William T. Tilden, America's national champion, and Toshiro Kikumoto, and William M. Johnston, and Zeno Shimidzu. Tilden won in straight sets, 6-2, 6-4, and 6-1. Johnston dropped one set to Shimidzu, winning by 6-2, 5-7, 6-2, and 6-1.

## SULLIVAN IS VICTOR IN BALL TOURNAMENT ON HOME TOWN LOT

(By Gazette Correspondent.)

Jefferson, Wis.—For the second time in two days, the Sullivan Carbons bounced on the Jefferson Rubbers and won 6 to 4. By the first, the Carbons were declared winners of the baseball tournament held in their home town.

## BRINGING UP FATHER

## Barriage Tips Dope in Net Play Monday

Play in the singles event of the tournament on the Y. M. C. A. courts Monday was featured by the upset of the dope by John Barriage, who, after losing the first set 1-6, won the next two sets and the match from Kenneth Schmitt, 6-2, 6-3 and 6-2. The latter defeated that with more practice, he would be back in his old form when he was a top-notch.

George Bennett, figured as a strong contender for the silver trophy, advanced to the second round by defeating Robert Cunningham in an interesting match, 6-2, 6-2. In spite of the apparent ease with which Bennett defeated that with more practice, he would be back in his old form when he was a top-notch.

## BAKE-RITES LOSE POORLY PLAYED GAME TO DELAVAN, 11-10

Keeping on their toes throughout the game and profiting by 16 errors on the part of the Bake-Rites of Janesville, the Bradley Knights of Delavan defeated the Doughboys in the rubber game, 11 to 10. The battle was staged at Delavan before a large crowd.

Although the Bakers outlast their opponents, 2-1, they played a poor game. They were leading until the ninth, when the Knights scored two runs on a single, a hit and an error. Outis featured with a home run.
